Last month I [wrote](#) about the bill that I developed with Senator Obama to improve coordination of STEM education programs throughout the country.

In response to interest from educators, business leaders, and government officials, I've created a webpage with details about this legislation and general STEM education issues, including:

- [Background](#) on the bill
- [Bill Summary](#)
- [Press Release](#)
- [Supporting Organizations](#)
- [Frequently Asked Questions](#)
- [Current Cosponsors](#)
- [Bill Status](#)

What do you think about the bill? [Leave a comment](#) and let me know.
